

**IT'S THAT TIME OF
YEAR AGAIN.....**

For your Annual Diabetic Assessment!

**According to our records you are due
for your yearly diabetic foot
assessment**

Why is this assessment so important?

- **More than 9 million Canadians live with diabetes or prediabetes**
- **It is estimated that 15 per cent of Canadians living with diabetes will develop a diabetic foot ulcer in their lifetime**
- **Canadians living with diabetes are 23 times more likely to be hospitalized for a limb amputation than people without diabetes**
- **Canadians living with diabetes who see a healthcare professional at least three times per year, however, are 33 per cent less likely to undergo amputation.**

What will be done on the day of the assessment?

Several diagnostic tests will be performed the day of the assessment. This includes:

- Blood glucose testing**
- Blood pressure testing**
- Vascular testing via doppler**
- Sensory testing – 10g Monofilament screening & Tuning fork (128 Hz) testing**
- Dermatological evaluation**
- Biomechanical assessment**
- Footwear evaluation**

This will give your Chiropodist a more concise overview of your foot health, which means we can establish a specific management plan for you!

Your feet have to last you a lifetime!

So what are you waiting for.....

Pick up the phone and call us

@ 519-888-6274

to book your diabetic assessment today!

**We look forward to serving you
in the near future**
